## MEASUREMENT DIAGRAMS

Use these diagrams to complete measurements needed for custom jackets, shirts and pants at HouseWear Show Clothing. Please use measurement descriptions.

Measurements for Custom HouseWear Jackets & Shirts		
Neck: Measure around your neck.	(A)	
Bust: Measure width of bust from one nipple to the other.	(B)	
Shoulder: Measure from the point where your shoulder meets your arm, across to the other point of the shoulder, making sure the tape is high crossing the base of the neck.	(C)	
Waist: For Jackets, measure around the widest part of waist while breathing normally.	(D)	
Shirt/Jacket Length: Measure from your shoulder seam to the length you would like your shirt/jacket.	(E)	
Shirt/Sleeve Length: Measure from end of shoulder to the base of the thumb (approx. 1" below the wrist).	(F)	
Shoulder to Bust: Measure from shoulder seam to bust line.	(G)	
Chest at Bust: Measure around your chest at the fullest part. Women, measure while wearing the bra you will be showing in.	(H)	
Biceps: Measure around the widest part of your upper arm while flexing and making a fist.	(I)	
Wrist: Measure around the widest part of your wrist, across the wrist bone, while palm is up and hand is open.	(J)	
Hips: Measure around the widest point of your hips and buttocks.	(K)	
Thigh Measure around your thigh at it's widest point.	(L)	
Crotch: Measure from the front top of the pants waistband to the back top of the pant's waistband.	(M)	
Out-seam: Measure from the top of the pant's waistband to the floor with boots on, along the outside of your leg.	(N)	

## SEMI CUSTOM ORDERS

Each piece you order is crafted to your specifications using the fabric and trim you choose from our large selection of swatch samples. Every piece is hand cut — nothing is mass produced. Our international tailor runs a family owned business where their craft has been passed down through generations.

Using the sizing charts below, please complete our order form on the reverse side and in the description, please indicate SEMI-CUSTOM.

### Ordering is simple!

- 1.) Pick your base (send a photo or swatch and I can help you).
- 2.) Pick a satin trim or contrast fabric and location (such as lapel, cuff, collar, or front placket).
- 3.) Pick your size using our size charts for semi-custom orders, and remember vests and jackets have custom lengths.
- 4.) Call, text, email, or message Kerry.
